Create new service control policy
A service control policy (SCP) specifies the maximum permissions that can be used by users and roles in your organization's accounts. An SCP doesn't grant permissions. You must still use IAM permission policies or resource policies to grant permissions. Learn more
Details
Policy name
Policy-julianparra
A policy name can be up to 128 characters and can include the following characters: a-z, A-Z, 0-9, and .,*=@_-
